## **Directory of Physicians Treating Viral Hepatitis Patients**

This is not an exhaustive list of physicians who provide viral hepatitis services. The physicians listed responded to a survey conducted by the Iowa Department of Public Health.

***Physicians listed are those who see patients for medical evaluation and treatment of viral hepatitis. This list is not an endorsement of their services, and it does not guarantee that these physicians will see new patients.*** Providers are listed alphabetically by the county where the office is located.

Providers who wish to be included in future editions or who would like to update their information should contact Shane Scharer, Viral Hepatitis Program Coordinator at the Iowa Department of Public Health, 515-281-5027 or [shane.scharer@idph.iowa.gov](mailto:shane.scharer@idph.iowa.gov).
